supplementing the efforts of the State Government for creation of sports facilities including Sports Complexes by providing Central assistance under the Centrally Sponsored Sports Infrastructure Schemes in accordance with the approved pattern subject to the receipt of viable proposals from the State Government. Government decided to transfer the Sports Infrastructure Schemes to the State sector w.e.f. 1.4.2005. Thus, fresh cases of Sports Infrastructure projects will have to be funded by State Governments out of their own resources. All State Governments were informed accordingly in February, 2005. However, the Planning Commission has indicated that funds to the extent of committed liabilities will be provided for ongoing approved Sports Infrastructure projects during the remaining period of the X Plan only.

The proposal for construction of sports complex at Udupi was received in the Ministry but some clarifications had been sought on the proposal. As no liabilities had been committed by Government of India till 31.3.2005, the proposal has not been pursued for assistance.
